### Tax Status

Tax Residency rules differ by country. Whether an individual is tax resident of a particular country is often (but not always) based on the amount of time a person spends in a country, the location of a person's residence or place of work. For the US, tax residency can be as a result of citizenship or residency.

Please answer **the below** tax residency questions:

**Is the individual a tax resident of a country other than Australia?**

Yes

No

**If the individual is a tax resident of a country other than Australia, please provide their tax identification number (TIN) or equivalent below. If they are a tax resident of more than one other country, please list all relevant countries below.**

A TIN is the number assigned by each country for the purposes of administering tax laws. This is the equivalent of a Tax File Number in Australia or a Social Security Number in the US. If a TIN is not provided, please list one of the three reasons specified (A, B or C) for not providing a TIN.
